Natürlich und gesund genießen.

Neukirchen-Vluyn, April 2025

Investing in the future – Expansion of our temperature-controlled storage facilities

As part of the ongoing site refurbishment, agaSAAT has invested in a new climate control system at the production site in Neukirchen-Vluyn which means that the site can now be fully temperature controlled. Thanks to this new system, we can now always guarantee a constant optimal storage temperature of between 16°C and 18°C for our baking seeds and spices at our site in Neukirchen-Vluyn.

If you need additional space, it's always best store your goods directly with a **specialist**. With our IFS-FOOD-compliant, in-house incoming goods check and IFS-FOOD-certified storage and production areas, we can offer the best-possible storage conditions for your goods.

agaSAAT – core competence for over 30 years.

agaSAAT GmbH

As a company now run by the second generation of the same family, agaSAAT GmbH has stood for high-quality baking, sprouting and spice seeds for over 30 years. Over the past few years, the investments made and expansion of the processing capacities have led to agaSAAT GmbH becoming THE experts when it comes to seeds.

With our extensive range of services and products, we serve the food industry, wholesalers and bakers, confectionery shops and food retailers across Europe. And our customer base is now just as varied as the products and services that we offer.

Natürlich und gesund genießen.

“Our decades of experience in international seed and spice trading have helped us to become experts in this area”, explains founder Werner Arts, who is still involved in the day-to-day operation of the business and manages its further development together with his son.

As a manufacturer of baking, sprouting and spice seeds, we are fully aware of our responsibility. For us, markets are not just target groups, they are people.

This is why we continue to invest in furthering our expertise, because when it comes to food, we do not compromise.

We are happy to now be able to offer you this accumulated experience and investments in technology, stock protection and warehousing as a service.

We would be happy to provide individual and tailored advice.

As a family company, we place great importance on personal contact with our business partners. We firmly believe that this is only way to build trust and a sense of shared responsibility.

You can find more information about our company on our website at www.agasaat.de/en/

Do you have any questions or would like to request a tailored quote?

Then please feel free to give us call us on +49 (0)2845-91460.
